

April 24, 2008

Dear Participant,

Thank you for your interest in and support of our Adaptive Programs at the Rocky Hill Parks and Recreation Department. To bring you the very best in programs we are requesting that our participants provide information about themselves. This information will only be available to instructors and staff who are working with the participant and will serve to insure that we are well prepared to make the necessary accommodations. Providing this information is voluntary and no participants will be restricted from participating in our programs if they choose not to provide the information. Please note that any programs that we coordinate would have fees attached, just like the current parks and recreation programs and offerings. No transportation will be provided for these programs.

If you have any questions regarding the requested information, I can be reached at 258-2711. Feel free to drop the completed survey off at the Recreation Department or mail it to the attention of:

Lisa M. Zerio
Director of Parks and Recreation
761 Old Main Street
Rocky Hill, CT 06067

Please try to get your survey in as soon as possible, so we can begin to create programs in the very near future!

Sincerely,

Lisa M. Zerio
Director of Parks and Recreation
